We review the district court's calculation of drug quantities for clear error. *United States v. Green*, 569 F.3d 4, 8 (4th Cir. 2009). When a defendant was involved in a joint conspiracy, "the district court is required to consider all of the defendant's acts and omissions, and the conduct of others, in furtherance of the jointly- undertaken criminal activity, in order to determine the defendant's relative role in the conspiracy." *United States v. Williams*, 977 F.

VW and tagged download link, FX Eastern Europe 2018, maps, rns-310, vw onÂ .Q: Rails 4 Named Routes from Routes.rb files I have routes.rb file containing names routes like namespace :admin do resources :cart end namespace :user do resources :cart end namespace :shop do resources :cart end The problem is that when I try and access the for example, I get a error Error in routes.rb: Here is my routes.rb file: Rails.application.routes.draw do get 'home' => 'home#index' root

'home#index' get "user/home", to: "user#index" get "admin/home", to: "admin#home" post "add_cart_item" => "cart#add_cart_item" get "admin/cart" => "admin#cart" get "user/home" => "user#home" get "shop/home" => "shop#home" end this is a screenshot of the error: I have tried using named routes like get "user/home", to: "user#home" get "shop/home", to: "shop#home" but I get the same error again A: Maybe you can fix this by adding the admin part to your pattern. Like this (edited): get "admin/home", to: "admin#home" You're trying to match /admin/cart with routes.rb and it's not possible. You should be able to use something like the following: get "admin/cart", to: "admin#
