FIFA is EA SPORTS' biggest game of the year, offering complete and authentic football on new-generation consoles. The Season of FIFA is here - why not play? Ten years after the original FIFA was released and nearly two years after the launch of the last console generation, EA SPORTS FIFA 22, arrives on PlayStation 4, Xbox One and PC. It's a brand new experience that brings forth a new generation of footballing authenticity with new features and new innovations that will get you hooked on the fastest and most beautiful game of the year. Specially developed by FIFA's Ultimate Team Engine, PES and GOAL innovators, the new Player Intelligence engine learns on every game how you play and then adapts its tactics, timing and strategy to bring you the most authentic football experience. PES and GOAL Innovation returns in FIFA 22, in the form of a host of brand new innovations - with the introduction of Squad Battles, a new tournament structure, Player Career Management, new player traits and more. Take on the World, Ranked and Casual Seasons all bring new experiences to FIFA. In Ranked Seasons, earn FIFA Ultimate Team cards through online play and assign them in your team to help you earn victory. In Casual Seasons, play your way through a new career mode that is paced for casual gamers. And in the new World Cup Experience, play classic World Cup matches of the 1930s, 1950s, 1960s, 1970s, 1980s and 1990s. Additional new features include a diverse set of improved kits and improved animations, including new animation curves for players and more. In the brand new Beach Volley and Netball modes, the frame-rate is further improved so that play is smooth and realistic, while the ability to host friendlies online has been added to the Ultimate Team Manager. Complete and authentic football experience Simulate the most realistic football experience on any platform with the new Player Intelligence engine, and enjoy a whole new level of control to manoeuvre players and manipulate the football like never before, including ball physics that bring added life and individuality to players and the all-new Goal Rush system. Assemble an unstoppable team of Ultimate Players, including all-new 3D models, to create the most powerful and authentic Ultimate Team of all-time. Challenge your friends online and compete for rewards, cards and glory as you attempt to beat their cards. Master the best You  bc9d6d6daa

The Fino is a graceful, well-proportioned, agile and balanced horse. This horse is very intelligent, very willing and able to learn. With a natural, very noble temperament, the Fino is highly responsive to all levels of rider. We recommend at least a Professional Level rider on the western tack to be able to ride this horse confidently and safely. The Fino is a great starter, well tempered and respond well to the aids and easy to ride. This is a very easy to manage horse with a truly beautiful and loyal disposition. Telstra to partner Google to move to 5G Telstra has revealed that it is entering into a partnership with Google and Ericsson to fully drive the roll out of 5G in Australia. Telstra 5G is a new technology that refers to a range of wireless technologies that can be used to transmit higher-capacity data and video, with the promise of 10x improvements in speed and latency. Australia was ahead of the game in 5G development as it was the first country to open up the spectrum for the use of the technology, with field trials beginning in 2016. It's now planned that 5G is rolled out for commercial and consumers by 2021. Telstra is the first major carrier in the world to announce its intention to begin commercial 5G services, with initial trials to start in 2020.
